

Dear Jonathan,

Your family sounds very nice and I look forward to meeting them in the summer. I live with my two sisters and parents in Zábřeh in the Czech Republic. My grandmom and my grandad live in the same house too.

My sisters are older than me. They both study at the university in Brno and come home for the weekends. Carla, who is the oldest, studies to be a teacher and Suzie studies to become a lawyer.

My mom is a teacher. She has brown hair and green eyes. She likes to paint and plays the piano.

My dad is a police officer. He is really tall and athletic like your dad. He has brown hair and blue eyes. He plays basketball every Saturday morning.

I have brown hair and blue eyes. We also have a dog named Tim, he is white and has brown and black spots. We love to sing. Every weekend, my mom plays the piano and we sing our favourite songs.

How are you? Do you like your new school?

Love,
Bethany
